All students will need to purchase the following text, available from the Duck Store

Course Description:
Historically, museums have been a fundamental component of Anthropology, with collections reflecting and documenting dynamic cultural processes and interactions. Although they maintain their role in academic anthropology (particularly for research with a material culture focus), the nature and missions of anthropology museums have changed dramatically, with the inclusion of new voices and changing standards, themes and approaches. This course explores the anthropology museum through a focus on the curation and exhibition of collections construed as anthropological, i.e., the archaeological and ethnological materials and human remains that have traditionally been the focus of study for anthropologists. Students will gain an appreciation for the social, historical, ethical and practical dimensions of engaging with anthropological collections in museum contexts and for how the diverse perspectives on anthropology museums held by different communities have shaped and continue to shape evolving professional standards.

The course will begin by placing anthropological collections in historical perspective through an examination of multiple museum traditions, providing context for the diversity of approaches presented throughout the course. Building from these discussions, we will examine how archaeological and ethnographic materials and human remains become “collections”, and how collections are then maintained and cared for by museums. Once in a museum, collections are used and experienced by multiple communities. We will explore the diverse uses of collections by researchers and the public, and how museum professionals work collaboratively to provide access to collections and develop exhibitions to interpret these collections for a broad audience. Within this discussion, we will focus on the challenges of representation inherent in the display of anthropological collections, and explore how different types of museums approach the exhibition of these collections. Finally, we will examine the processes by which collections leave museum contexts, with a focus on repatriation. Throughout the term, we will be joined in class by museum professionals who will share their experiences and participate in class discussions.
**Expected Learning Outcomes:**
After successful completion of this course, students will be able to

- Outline how the acquisition, curation, and exhibition of anthropological collections has transformed over the 19th-21st centuries
- Describe how diverse perspectives on and traditions related to the acquisition, curation, and exhibition of anthropological collections influence museum practice
- Explain the challenges and constraints involved in the practical implementation of current best practices as they relate to anthropological collections
- Critically evaluate the ethical and procedural contexts of the repatriation of anthropological collections

**Inclusion Statement:** The College of Arts and Sciences at the University of Oregon affirms and actively promotes the right of all individuals to equal opportunity in education at this institution without regard to race, color, sex, national origin, age, religion, marital status, disability, veteran status, sexual orientation, gender identity, gender expression or any other consideration not directly and substantively related to effective performance. If you feel that you have encountered discrimination or harassment, please inquire at the Office of Affirmative Action & Equal Opportunity (http://aaeo.uoregon.edu, 541-346-3123) for information on your rights, options, and resources. Confidentiality for all parties is respected to the extent possible.

**Accommodations:** The University of Oregon is working to create inclusive learning environments. Please notify me if there are aspects of this course structure that result in disability related barriers to your participation. You may also wish to contact the Office of Accessible Education in 164 Oregon Hall (346-1155, uoaec@uoregon.edu). Their advisers can help you acquire a letter verifying your disability.

**Academic Integrity:** I take academic integrity very seriously: please review the University’s Academic Honesty Policy and contact me if you have any questions.

**Late Assignment Policy:** Assignments may be turned in one class late (by Wednesday at the end of class) for a 10% penalty. They may be turned in by the final exam period for a 25% penalty. No assignments will be accepted after that date.

**Office Hours and Email:** I am always happy to meet with you during my office hours. If you cannot make my office hours, please contact me to set up an alternate meeting time (daphne@uoregon.edu). If you email me, I will try to respond promptly, but it is not always possible for me to do so.
Class Etiquette: It is essential that we all work together to create a favorable learning environment.

- Laptops are allowed, but please use them only for class-related purposes (viewing readings, looking up relevant content). If you are using your laptop for non-class related activities you may be restricted from using your laptop in the future.
- The MNCH asks that no food or drinks (other than water) be consumed in class.
- Be courteous towards the MNCH staff
  - Get tables from the closet and arrange the tables and chairs for the class
  - After class, return long tables to the closet and leave the classroom in the standard four table/sixteen chair set up. Some students may need to leave immediately, so if you can stay and help, please do.
  - On Mondays, if you are the first student to arrive, remain in the lobby and open the door for other students so that not everyone needs to buzz in.
- In this course, we will be engaging with many difficult and/or controversial topics. Respectful and inclusive discussion is critical to the success of this class.

Course Requirements for Anthropology 450

Weekly Written Assignments: 9 x 9% = 81%
Attendance and Participation: 19%

Weekly Written Assignments
There will be ten written, take-home assignments in this class, each worth 9% of your grade. The assignments will vary from week to week: some weeks they will consist of a single essay, while in other weeks they may be a series of short answer questions or an activity you will need to complete. In general, each will be ca. 1000 words, although the precise length needed to effectively complete the assignment will depend on the questions and on your approach. Assignments will be available on Wednesdays and due in class the following Monday. Assignments must be turned in on paper; electronic submissions will not be accepted without pre-approval. Assignments may be typed or hand-written and should be edited for grammar and spelling.

Of the ten assignments, your nine highest scores will be included in the final grade. You do not need to complete an assignment to drop the grade. In addition to the one weekly assignment you choose to drop, you may also replace one assignment with a Museum Engagement Project, as described below.
Attendance and Participation
This class is heavily focused on discussion, and we will be engaging with numerous museum professionals throughout the term. For this reason, attendance and participation will be recorded and count for 19% of your grade. Attendance requires that you arrive on time and stay through the entire class period. Participation requires that you come to class prepared and engage with the class material. You may miss one class with no penalty. Each additional absence will result in a 5% deduction from your attendance/participation grade. (Failure to participate will be graded the same as an absence). Given the significant role discussion will play in this class, if I decide it is necessary to encourage adequate preparation, I will integrate short reading quizzes into the attendance and participation grade.

Museum Engagement Project
A primary goal of this class is that you engage with the museum community on campus and in the region. Rather than complete one of the weekly assignments, you may choose to complete a museum engagement project. For this project, you will visit an exhibition at a museum other than the MNCH. For the engagements, you will need to provide a 1000 word write-up that
- Describes the exhibit you visited
- Evaluates the exhibit in the context of the themes we have discussed in the course. Your evaluation should include discussion of both what the exhibit does well and areas for possible improvement.
If you wish to propose an alternate engagement project, please check with Dr. Gallagher first to be certain it is appropriate. Museum engagements may be turned in at any time until the final exam period.

Grading Scale and Performance Expectations
I do not anticipate a curve for this class. The grading scale to be used is as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>97.5-100%</td>
</tr>
<tr>
<td>A</td>
<td>92.5-97.4%</td>
</tr>
<tr>
<td>A-</td>
<td>90-92.4%</td>
</tr>
<tr>
<td>B+</td>
<td>87.5-89.9%</td>
</tr>
<tr>
<td>B</td>
<td>82.5-87.4%</td>
</tr>
<tr>
<td>B-</td>
<td>80-82.4%</td>
</tr>
<tr>
<td>C+</td>
<td>77.5-79.9%</td>
</tr>
<tr>
<td>C</td>
<td>72.5-77.4%</td>
</tr>
<tr>
<td>C-</td>
<td>70-72.4%</td>
</tr>
<tr>
<td>D+</td>
<td>67.5-69.9%</td>
</tr>
<tr>
<td>D</td>
<td>62.5-67.4%</td>
</tr>
<tr>
<td>D-</td>
<td>60-62.4%</td>
</tr>
<tr>
<td>F</td>
<td>59.9% or below</td>
</tr>
</tbody>
</table>

If the class is taken P/NP, a C- or higher is required to pass the course.

Expected levels of performance:
A+ Quality of student's performance significantly exceeds all requirements and expectations required for an A grade. Very few, if any, students receive this grade in a given course.
A: Quality of performance is outstanding relative to that required to meet course requirements; demonstrates mastery of course content at the highest level.
B: Quality of performance is significantly above that required to meet course requirements; demonstrates mastery of course content at a high level.
C: Quality of performance meets the course requirements in every respect; demonstrates adequate understanding of course content.
D: Quality of performance is at the minimal level necessary to pass the course, but does not fully meet the course requirements; demonstrates a marginal understanding of course content.
F: Quality of performance in the course is unacceptable and does not meet the course requirements; demonstrates an inadequate understanding of course content.
